## EXPERIENCE

### Digital Marketing Developer | Textron Aviation
*Jun 2026 – Present*

*Web Development & Marketing Analytics for Textron Aviation Websites*
HTML | CSS | JavaScript | Sitecore | WordPress

- Build event and campaign landing pages with **Adobe Marketo**-integrated form-fill signups across **7 business units** (**Textron Aviation, Cessna, Beechcraft, Aftermarket, ProAdvantage, McCauley, and Special Missions**), driving an average of **70+ form fills per week**.
- Create **journey article web pages** averaging **800+ weekly users**, contributing to **100K+ monthly active users** across Textron Aviation's web properties.
- Build and maintain **5 enterprise aviation websites** (**txtav.com**, **cessna.com**, **beechcraft.com**, **trusimulation.com**, **pipistrel-aircraft.com**), including leading the **Pipistrel Voyager product page** launch ahead of its EAA AirVenture debut.
- Publish and manage **15+ aircraft upgrade product listings** on **upgrades.txtav.com** as products complete STC certification, coordinating with engineering and business teams to keep the catalog accurate.
- Build **GA4 and Data Studio** dashboards used across **7 business units** to track traffic and conversion, surfacing insights that inform page and campaign decisions.

### Web Developer | PurelyScale *(Startup)*
*Jun 2026 – Present*

*Web Development & CRM Automation for Client Campaigns | purelyscale.com*
GoHighLevel | React | TypeScript

- Build and launch **client websites, landing pages, e-commerce integrations, and CRM workflows** in **GoHighLevel** for local businesses.
- **Lead client conversations** to translate business needs into **web, SEO, CRM, and digital solutions**, integrating tools with existing systems.

### Digital Marketing Software Intern | Shure Incorporated
*May 2025 – Aug 2025*

*Digital Marketing Automation and User Engagement for MOTIV Mix Desktop App*
Sitecore | Salesforce Email Studio

- Launched **5 targeted campaigns** that reached tens of thousands of users and drove measurable product engagement.
- Built a **re-engagement email workflow** in Salesforce Email Studio to win back lapsed users.
- Wrote **2 product-focused blog posts** to support feature adoption and help users get more out of the app.
- Ran a **competitive analysis** of podcasting tools and presented **3 monetization strategies** to the marketing team.

### Digital Marketing Developer Intern | Textron Aviation
*Jun 2024 – May 2025*

*Web Development & Marketing Analytics for Textron Aviation Websites*
HTML | CSS | JavaScript | Semrush | Sitecore

- Built and shipped **100+ web updates** and **10+ responsive, accessible pages** across desktop and mobile for enterprise aviation brands.
- Developed and launched **product pages** for the **M2, CJ3, and CJ4 Gen3** ahead of NBAA-BACE announcement.
- Implemented **schema markup** across key pages to improve search visibility and surface rich results in Google.

### Marketing Automation Intern | Meritrust Credit Union
*May 2023 – Aug 2023*

*Email Campaign Management & Analytics Optimization*
Adobe Marketo | Google Tag Manager | WordPress

- Executed **30+ targeted email campaigns** in Adobe Marketo across various member segments.
- Cleaned up tracking gaps and improved analytics accuracy by **25%** through Google Tag Manager configuration.
- Published **SEO-optimized blog content** in WordPress to support organic search growth.
